

Change of Address Form

In order to be in compliance with immigration regulations, **all** international students and scholars holding an F-1 or J-1 visa **MUST** inform the International Center of any address change within the United States **within 10 days of moving**. This can ONLY be done by filling out, signing, and submitting this Change of Address Form to the International Center. This requirement includes students on Optional Practical Training or Academic Training.

Note: In order to keep your records updated, it is **also** your responsibility to change your address with the Registrar's Office. This can be done by using the Student Center in MyAkron.

Note to students who have an application pending with USCIS: In addition to reporting your address to the International Center, you will also need to complete Form AR-11 online at www.uscis.gov/ar-11.
